

Customer Complaints Handling & Dispute Resolution

Standard Operating Procedure — Summit General Insurance

Document Reference	SOP-INS-015 · Version 2.1
Process Owner	Customer Experience — Conduct & Complaints
Effective Date	01 March 2026
Approved By	Chief Compliance Officer
Classification	Internal Use Only

1. Purpose

This SOP sets out the process for receiving, recording, investigating, resolving, and escalating customer complaints so that customers are treated fairly, root causes are addressed, and the company meets its conduct and regulatory obligations.

2. Scope

Applies to complaints about any product or service, received through any channel. General enquiries and claims valuation disputes (handled under the Claims SOP) are excluded, but a complaint arising from a claim is in scope.

3. Definitions

- **Complaint** — any expression of dissatisfaction requiring a response, whether justified or not.
- **Acknowledgement** — first written confirmation that a complaint has been received and logged.
- **Redress** — corrective action or compensation offered to resolve a complaint.
- **FIDReC** — external Financial Industry Disputes Resolution Centre for unresolved disputes.
